“Bridging Markets, Building the Future”
CELEBRATING 60 YEARS OF EXCELLENCE IN TRADE EXHIBITION

"Bridging Markets, Building the Future"

CELEBRATING 60 YEARS OF EXCELLENCE IN TRADE EXHIBITION

SIX DECADES OF **TRADE**, INNOVATION AND **CONNECTION**

Celebrating 60 Years of the Zambia International Trade Fair

For six decades, the Zambia International Trade Fair (ZITF) has stood as a symbol of enterprise, innovation and economic progress. Established to provide a platform for businesses to showcase products, services and innovation. The Fair has grown into Zambia's premier trade and exhibition event, being one of Africa's most respected multi-sector trade exhibitions.

Over these years, The Zambia International Trade Fair has welcomed generations of exhibitors, investors, policymakers, entrepreneurs and visitors, creating opportunities that have shaped industries, strengthened partnerships and contributed to Zambia's Economic development.

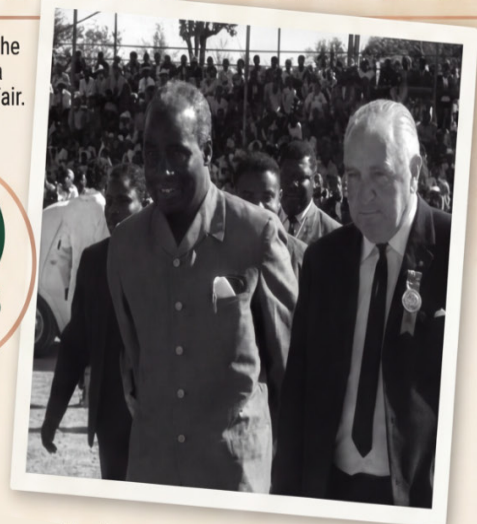

What began as a national exhibition in 1956 has evolved into an international Exhibition house where local businesses meet global opportunities and where innovation continues to drive growth and transformation.

Today, the ZITF attracts participants from around the World and contributing to Trade Promotion, investment attraction, knowledge exchange and regional integration. As we celebrate the 60th Edition under the theme: "Bridging Markets, Building the Future" the ZITF remains committed to its mission of connecting markets, fostering trade and building lasting partnerships that create value for future Generations.

TODAY: Continuing the legacy at the Zambia International Trade Fair.

A MESSAGE FROM THE PRESIDENT OF THE REPUBLIC OF ZAMBIA

HAKAINDE HICHILEMA

(President of the Republic of Zambia)

*Bridging
Markets*

*Enterprise
Growth*

*Innovation &
Technology*

*Trade &
Investment*

*Regional
Cooperation*

*Building a
Prosperous
Future*

As Zambia commemorates the 60th Anniversary of the Zambia International Trade Fair, I am pleased to join exhibitors, investors, business leaders, and visitors in celebrating this important national milestone. This year's event is particularly significant as we reflect on six decades of the Trade Fair's contribution to enterprise growth, innovation, investment promotion, regional cooperation, and trade development.

For sixty years, the Zambia International Trade Fair has stood

“

Let's look to the future with confidence, optimism, and a shared determination to build a stronger economy and a more prosperous nation.....

”

as a symbol of economic progress and resilience, evolving alongside our nation's own development journey. From its early beginnings as a platform for showcasing local industries and commerce, the Trade Fair has grown into one of the region's leading platforms for trade, investment, technology, and business networking. This milestone is not only a celebration of our past achievements but also an opportunity to reaffirm our collective ambition for the future of Zambia's economy.

The theme for this year, “Bridging Markets, Building the Future,” speaks to the importance of strengthening connections between businesses, industries, communities, and nations. It reflects our shared aspiration to build

CELEBRATING 60 YEARS OF EXCELLENCE IN TRADE EXHIBITION

an economy that is more competitive, more innovative, and more connected to regional and global markets.

My Government remains committed to creating an environment in which businesses can thrive, investments can flourish, and innovation can drive sustainable economic growth. We recognise that the prosperity of our nation depends on the strength of our private sector, the resilience of our industries, and the ability of our people to seize emerging opportunities in a rapidly changing global economy.

Over the past several years, Zambia has continued to make significant progress in strengthening the foundations for economic transformation. Investments in infrastructure, digital technologies, energy, industrial development, and trade facilitation are helping to position our country as a preferred destination for trade and investment. At the same time, regional and continental initiatives such as the African Continental Free Trade Area are creating new opportunities for Zambian enterprises to expand beyond our borders and participate more actively in regional value chains.

As we look to the future, our focus remains clear: to create jobs, support entrepreneurship, promote value addition, expand export opportunities, and ensure that economic growth translates into improved livelihoods for all Zambians. We are determined to build an economy that is productive, inclusive, and resilient, one that creates opportunities for current and future generations.

As we celebrate this important 60-year milestone, we also recognise the role played by generations of entrepreneurs, exhibitors, workers, institutions, and partners who have contributed to the growth and success of the Zambia International Trade Fair over the years. Their vision, dedication, and enterprise have

helped shape the success story we celebrate today. Their contribution has positioned this event as an enduring platform for economic cooperation and business development.

I am confident that this year's Trade Fair will strengthen partnerships, unlock new investment opportunities, and inspire innovations that will drive Zambia's next chapter of growth and prosperity.

I, therefore, encourage all participants to take full advantage of this year's Trade Fair and establish meaningful partnerships, explore emerging opportunities, and innovative solutions to shape a more prosperous and inclusive future not only for Zambia but for the region as a whole.

As we celebrate sixty years of the Zambia International Trade Fair, let us look to the future with confidence, optimism, and a shared determination to build a stronger economy and a more prosperous nation.

On behalf of the Government and the people of the Republic of Zambia, I wish you all a memorable and successful 60th Zambia International Trade Fair.

May God bless you all, and may God bless the Republic of Zambia.

Hakainde Hichilema
(President of the Republic of Zambia)

“

Building the future demands deliberate action, local collaboration, and global competitiveness.

Mrs. Lillian S. Bwalya
PERMANENT SECRETARY,
MINISTRY OF COMMERCE,
TRADE AND INDUSTRY.

1. BRIDGING MARKETS

2. INDUSTRIALIZATION

3. INVESTMENT

4. INNOVATION

5. PARTNERSHIPS

6. LOCAL CONTENT

It is my distinct honour to welcome exhibitors, investors, and visitors to this year's 60th Zambia International Trade Fair, convened under the theme “Bridging Markets, Building the Future.” This theme reflects both our immediate priorities and our long-term vision to position Zambia as a competitive hub for trade, innovation, and inclusive economic growth within the region and beyond.

In today's interconnected global economy, the ability to bridge markets is no longer optional, it is imperative. The Ministry of Commerce, Trade and Industry has therefore intensified efforts to expand Zambia's access to regional and international markets. Through the implementation of various initiatives and regulatory reforms, the Ministry is actively facilitating reduction in the cost of doing business. Some of these initiatives include the African Continental Free Trade Area (AfCFTA), the simplification of trade procedures, the

strengthening of border infrastructure and the establishment of one stop border posts. In parallel, through the Zambia Development Agency, we are facilitating trade missions, export promotion programmes, and market intelligence support to enable Zambian businesses access new markets with confidence.

Building the future demands deliberate action, beginning today. To ensure Zambia enhances its regional and international competitiveness, attract investment and stimulate local value addition, the Ministry is advancing targeted industrialization initiatives, including the development of Multi-Facility Economic Zones and industrial parks. This is evidenced by the increased investments being witnessed across the mining, agriculture, manufacturing, energy, transport, technology and service sectors.

We remain focused on creating a stable and predictable policy environment that enhances investor confidence and promotes long-term growth. Further, Government recognises the importance of strengthening local value chains and local content development as critical tools for unlocking opportunities for local businesses and ensuring communities benefit from the value derived from our natural resources. Through the local content regulations such as Statutory Instrument No. 45 of 2025, the Public Procurement (Preference and Reservation Schemes) Regulations, Government is facilitating the development of competitive industries anchored on stronger local value chain linkages, enhanced local production, and technology transfer to drive the country's industrialisation and economic development agenda.

Further, recognising the importance of innovation and digital transformation, the Ministry is supporting the adoption of ecommerce platforms, digital trade systems, and modern production technologies. These efforts are complemented by ongoing reforms aimed at

improving the business environment, enhancing regulatory efficiency, and strengthening collaboration between Government and the private sector. In this regard, Public-Private dialogue platforms have continued to play a critical role in identifying business constraints, facilitating meaningful engagements, deepening economic integration, and strengthening cross-border trade and investment linkages.

I am proud to note that over the 60 years of existence of the the Zambia International Trade Fair, the ZITF management has continued to build on Government's development agenda by offering a platform that fosters cross-sector collaboration, builds local and international market linkages and facilitates trade and investment relations between the private sector and global allies. The Zambia International Trade Fair continues to stand as a premier platform for collaboration, bringing together local and international stakeholders to exchange ideas, showcase innovation, and unlock new opportunities. It is within this space that partnerships are forged, investments are mobilised, and the foundations of tomorrow's economy are strengthened.

As we celebrate the ZITF 60th year anniversary, I am hopeful that this year's Trade Fair will build on previous years' successes. I look forward to witnessing the signing of new Memoranda of Understandings, high-value leads and formation of partnerships that are expected to not only set the tone for Ndola's economic growth but the country at large.

I encourage all exhibitors and visitors to actively engage, explore new frontiers, and build meaningful partnerships that will drive shared prosperity. Together, let us Bridge Markets and Build a Future that is bold, competitive, and sustainable.

— A MESSAGE FROM —

THE MINISTRY OF INFORMATION AND MEDIA

Mr. Thabo Kawana
PERMANENT SECRETARY

The Ministry of Information and Media is honoured to participate in the 60th Zambia International Trade Fair, held under the theme: “Bridging Markets, Building the Future.” The Ministry recognises that information and communication are essential drivers of economic growth, investment, innovation, and national development. Through the timely dissemination of information, digital communication platforms, and media development initiatives, the Ministry continues to connect Government, businesses, communities, and citizens, thereby fostering an informed environment that supports trade, enterprise, and sustainable development.

As Zambia advances towards a digitally driven economy, the Ministry remains committed to bridging markets by enhancing access to information, increasing visibility for national development programmes, and facilitating communication that links people, institutions

and opportunities across the country and beyond.

In line with efforts to strengthen the national information system, the Ministry is also proud to highlight the coming on board of ZANIS TV, which will play a significant role in enhancing the flow of news and information across the country. The new platform will expand access to credible, timely, and development-oriented content, while further promoting citizen engagement, national unity and public awareness.

At this year’s Fair, the Ministry will showcase a range of services and initiatives aimed at:

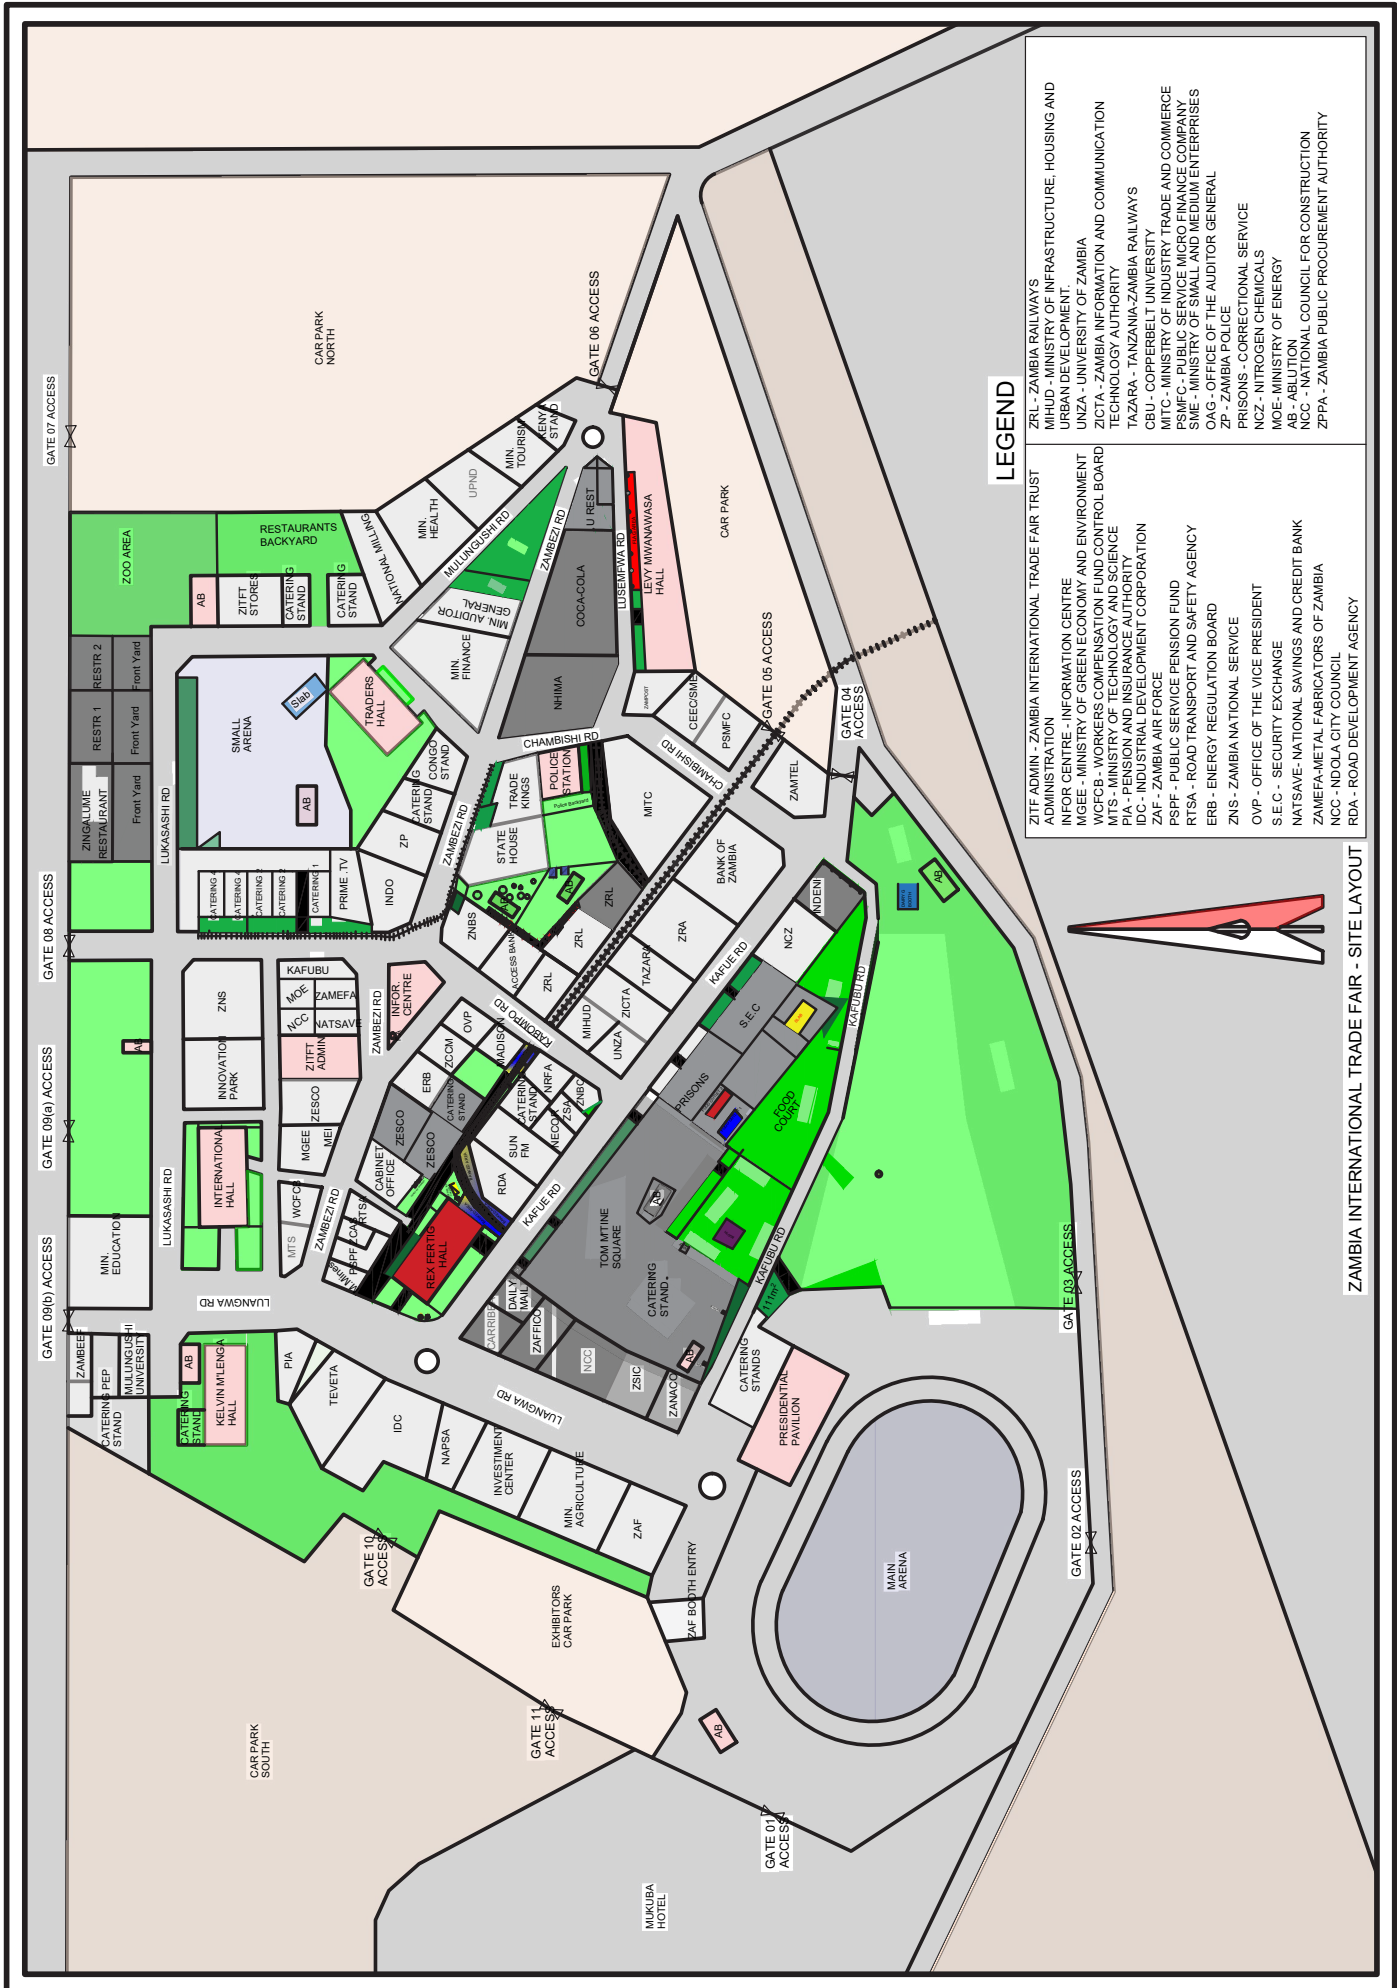

- Strengthening public access to Government information and services;
- Promoting digital transformation and strategic communication;
- Supporting media innovation and professional development;
- Enhancing public awareness and citizen participation in national development;
- Expanding access to timely and credible news through platforms such as ZANIS TV

Through these initiatives, the Ministry contributes to building the future by fostering a well-informed citizenry, promoting transparency and accountability, and creating a communication environment that supports economic progress and national unity.

The Ministry invites members of the public, exhibitors, investors, media practitioners, and cooperating partners to visit its stand and explore opportunities for collaboration in harnessing information and media as tools for development, connectivity, and prosperity.

Vision: *“A nation of well-informed citizenry and responsible media.”*

Mission Statement: *“To promote an independent, professional and responsive media, and oversee information dissemination for a well-informed citizenry and contribute to national development.”*

— STATEMENT BY THE —
CHAIRPERSON
 OF THE BOARD OF TRUSTEES

It gives me great pleasure to welcome exhibitors, investors, business leaders, cooperating partners, government representatives, and visitors from Zambia and across the globe to the 60th Edition of the Zambia International Trade Fair (ZITF), taking place from 1st to 7th July 2026 under the theme: “Bridging Markets; Building the Future.”

This year marks a historic milestone as we celebrate 60 years of the Zambia International Trade Fair, Zambia’s premier and only international multi-sectoral trade exhibition. For six decades, the Fair has served as a cornerstone of Zambia’s economic development, providing a platform that connects businesses, industries, governments, and investors while fostering trade, investment, innovation, and enterprise growth.

The Zambia International Trade Fair has built a rich heritage founded on resilience, adaptability, and a commitment to creating opportunities for businesses to access new markets and forge strategic partnerships. From its humble

beginnings, the Fair has evolved into a globally recognised platform that continues to facilitate commercial exchange and showcase Zambia’s immense economic potential to the world.

The theme for this landmark edition, “Bridging Markets; Building the Future,” aptly reflects the role of the Fair in connecting businesses to opportunities beyond traditional boundaries.

Bridging markets means creating pathways for local enterprises to access regional and international markets, promoting collaboration across sectors, and fostering partnerships that drive economic growth. Building the future speaks to our collective responsibility to embrace innovation, technology, industrialisation, sustainability, and human capital development as the foundations of future prosperity. As we commemorate sixty years of excellence, we remain focused on creating an ecosystem where businesses can thrive in an increasingly dynamic and interconnected global economy.

In line with this vision, the Zambia International Trade Fair Trust has embarked on significant infrastructure redevelopment initiatives aimed at enhancing the experience of exhibitors and visitors while preserving the Fair’s status as a world-class exhibition destination.

Notable among these developments are the redevelopment of the Presidential Pavilion and the International Hall, both of which have been modernised to provide improved facilities and a more conducive environment for business engagement and networking.

Looking ahead, the Trust remains committed to further transforming the Trade Fair grounds through strategic infrastructure investments. Plans are underway to reconstruct and upgrade to bituminous standard the road network within and around the trade fair grounds, as well as renovate and reconstruct key entry gates to improve accessibility, security, and the

overall aesthetic appeal of the Fair. These developments are part of our long-term vision to position the Zambia International Trade Fair as a modern, competitive, and globally recognised trade and exhibition hub.

The 60th Edition will also introduce a unique and historic addition to our entertainment programme. For the first time in the history of the Zambia International Trade Fair, visitors will witness the spectacular Zambia National Service (ZNS) Calisthenics Display, a highly coordinated military drill performance that symbolises discipline, unity, precision, and national pride. This special attraction has been included as part of our diamond jubilee celebrations and promises to provide an unforgettable experience for exhibitors and visitors alike.

Beyond the celebrations, the true value of the Zambia International Trade Fair lies in the opportunities it creates for business growth. The Fair continues to provide a platform where enterprises can showcase cutting-edge technologies, innovative products and services, and emerging business solutions. It enables businesses to identify new markets, engage potential customers, establish strategic partnerships, and gain insights into evolving industry trends. In an era driven by digital transformation and technological advancement, the Fair remains an essential marketplace for innovation and knowledge exchange.

As we celebrate sixty years of achievement, we pay tribute to all those who have contributed to the success and growth of the Zambia International Trade Fair over the decades. We extend our sincere appreciation to the Government of the Republic of Zambia, our exhibitors, sponsors, cooperating partners, and the countless stakeholders whose unwavering support has enabled this institution to remain a beacon of trade and enterprise development.

On behalf of the Board of Trustees, I invite you to join us in celebrating this remarkable milestone and to take full advantage of the opportunities that the 60th Edition presents. Together, let us bridge markets, build the future, and create lasting partnerships that will drive sustainable economic growth for generations to come.

I wish you a successful, productive, and memorable Zambia International Trade Fair 2026.

Mr. Ajay Vashee

Chairperson, Board of Trustees

(Zambia International Trade Fair Trust)

STATEMENT FROM ZAMBIA INTERNATIONAL TRADE FAIR TRUST CHIEF EXECUTIVE OFFICER

It gives me great pleasure to welcome exhibitors, business leaders, investors, development partners, government institutions, and members of the public to the 60th Edition of the Zambia International Trade Fair (ZITF), taking place from 1st to 7th July 2026 in Ndola under the theme “Bridging Markets; Building the Future.”

This year’s theme speaks directly to the evolving role of trade fairs in fostering economic transformation. Bridging Markets signifies the creation of stronger connections among local, regional, and international markets through trade, investment, innovation, technology, and strategic partnerships. It reflects our commitment to providing a platform where businesses can access new opportunities, expand value chains, and establish meaningful commercial relationships that contribute to sustainable economic growth.

Building the Future underscores the importance of investing today in the industries, infrastructure, entrepreneurship, and human capital that will shape tomorrow’s economy. As Zambia advances its industrialisation and economic diversification agenda, the Zambia International Trade Fair remains a critical catalyst for business development, knowledge exchange,

Mr. Norman Maule
Chief Executive Officer
(Zambia International Trade Fair Trust)

technology transfer, and market access.

The year 2026 marks a significant milestone in our history as we celebrate 60 years of the Zambia International Trade Fair. This diamond jubilee is a powerful symbol of resilience, growth, innovation, and national pride. For six decades, the Trade Fair has served as Zambia’s premier business and exhibition platform, facilitating commerce, promoting investment, and showcasing the country’s economic potential to the world.

However, this celebration is not merely about reflecting on our rich heritage and achievements. Rather, it represents a defining moment in the evolution of the Zambia International Trade Fair Trust (ZITFT). As we commemorate sixty years of excellence,

we are equally focused on positioning the institution for the future. We are embracing modernisation, strengthening our infrastructure, enhancing service delivery, and expanding our relevance within an increasingly interconnected global economy.

In line with this vision, the Trust has undertaken significant infrastructure development projects aimed at improving the exhibition experience and enhancing the long-term value of the Trade Fair Grounds. Among the landmark developments is the reconstruction of the International Hall, which will provide a modern exhibition facility capable of accommodating a growing number of local and international exhibitors. We have also undertaken the refurbishment of the Presidential Pavilion, preserving its prestige while aligning it with contemporary standards befitting high-level dignitaries and official guests.

Furthermore, the Trust has completed extensive repair works on the sitting terraces at the Main Arena, enhancing safety, comfort, and the overall experience for visitors attending major events and ceremonies. To further improve security, aesthetics, and crowd management, we have installed a modern clear-view perimeter fence, reinforcing our commitment to creating

a secure and world-class exhibition environment. These infrastructure investments are more than physical improvements; they are strategic enablers of economic activity.

By enhancing the quality of our facilities, we are strengthening Zambia's capacity to host international exhibitions, conferences, trade missions, and investment forums, thereby contributing to tourism growth, job creation, enterprise development, and increased trade opportunities.

The mandate of the Zambia International Trade Fair Trust remains clear: to promote trade, investment, industrial development, innovation, and economic cooperation

through the provision of a dynamic platform for business interaction. Through our exhibitions and associated events, we continue to support Zambia's broader development agenda by connecting producers to markets, facilitating investment linkages, promoting exports, and creating opportunities for Micro, Small and Medium Enterprises (MSMEs), women, and youth entrepreneurs to participate meaningfully in economic growth.

As we celebrate this historic milestone, I wish to express my sincere appreciation to the Government of the Republic of Zambia, our exhibitors, sponsors, cooperating partners, stakeholders, and visitors whose unwavering support

has sustained the Trade Fair over the past six decades. Your partnership has been instrumental in shaping the success and relevance of this institution.

I invite all stakeholders to join us as we celebrate sixty years of excellence while charting a bold course for the future. Together, let us bridge markets, unlock opportunities, foster innovation, and build a prosperous future for Zambia and generations to come.

“

Together, let us bridge markets, unlock opportunities, foster innovation, and build a prosperous future for Zambia and generations to come.”

Bridging Markets; Building the Future.

60

**YEARS OF
EXCELLENCE**
1966–2026

ZITF 2026

DIANA KABAILA

Chief Editor | Entrepreneur & Author
President Ndola Chamber of Commerce and Industry

Greetings, welcome to the 2026 Zambia International Trade Fair (ZITF), and a warm welcome to the Friendly City of Ndola. We are celebrating 60 years of consistency and resilience under a befitting theme “Bridging Markets and Building the Future”. Our theme places emphasis on creating long term growth opportunities for people and businesses. We are connecting buyers and sellers, removing trade barriers and linking local, regional and international markets, linkages that can be harnessed to outlive the event.

INVESTMENT WINS IN NDOLA

Ndola, the host city of the ZITF has been recording significant government and private sector investments – on going roads construction and rehabilitation will transform Ndola into a traffic intelligent city. The vast investments predict a guaranteed increase in economic activity and employment creation.

NEW CRUDE OIL REFINERY

Zambia Petrochemical Energy Company are in the process of constructing a greenfield 60,000 barrels a day capacity crude oil refinery, a 130 MW power plant that will feed 100 MW into the national grid, an LPG bottling facility, a bitumen and lubricant production plant. The investment will be worth US\$1.1 billion.

REVIVING NDOLA LIME

ZCCM IH and Wonderful Group have partnered to revive Ndola Lime with an investment of US\$30 million. Lime production will be increased to 600 tonnes per day. Long term plans are construction of a cement plant and market expansions.

THE CANCER TREATMENT CENTER

The Ndola cancer treatment centre is nearing completion. The 70-bed capacity facility is designed to provide comprehensive diagnostic, chemotherapy and radiotherapy services. This is a combined US\$12.5 million investment by the government, OPEC Fund for International Development and the Arab Bank for Economic Development in Africa.

RECOMMENDATIONS

As government prepares to lift the Zero rate import VAT on petroleum products, a 5% reduction on the tax should be considered. A lower tax will protect against the need for future zero rating due to economic factors. Government revenue will be secured. Inland petroleum prices will be stabilized. And the cost of doing business will be contained.

Enjoy the read and have a memorable experience at the 60th Zambia International Trade Fair.

Building Zambia's Industrial Potential, Together

At IDC, we believe access is everything. That's why we're working to simplify market entry across Zambia's key industries — from agriculture to energy to manufacturing.

By removing the complexity of fragmented sectors, we're creating one clear pathway for local and international partners to engage, invest, and grow.

We're not just building an economy — we're opening the door to it.

**BUILDING WEALTH.
EMPOWERING GENERATIONS.**

ABOUT THE INDUSTRIAL DEVELOPMENT CORPORATION (IDC)

The Industrial Development Corporation (IDC) Limited is the commercial investment arm of the Zambian Government.

It was incorporated in 2014 and is wholly owned by the Government through the Minister of Finance pursuant to the Minister of Finance (Incorporation) Act Cap 349 of the Laws of Zambia.

The IDC has 36 subsidiaries in 12 sectors focussing its investments in five key priority sectors that have the potential to contribute significantly to the economy. These are agriculture, mining, energy, manufacturing and tourism.

The IDC's mandate is threefold:

Firstly, it's mandated to create and maximise long-term shareholder value as an active investor and shareholder of successful State-owned

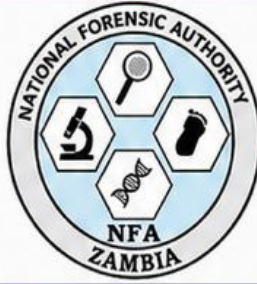

Enterprises. IDC does this by overseeing and supervising SOEs to ensure that they operate sustainably and are profitable.

Secondly, IDC undertakes industrialisation and rural development activities through the creation of new industries. All its activities are aimed at strengthening Zambia's industrial base and creating jobs for citizens.

The third and new mandate is to establish and manage a Wealth Fund. This initiative aims to manage and grow Zambia's wealth for future generations.

The Fund will allow the nation to invest a portion of revenues from natural resources, particularly mineral resources, to ensure financial stability for future generations.

AHF ZAMBIA

BRIDGING HEALTH GAPS, BUILDING A HEALTHIER FUTURE

The 2026 Zambia International Trade Fair theme, “Bridging Markets, Building the Future,” underscores the importance of partnerships, innovation, and connectivity in driving sustainable development. At AIDS Healthcare Foundation (AHF) Zambia, we believe that health is the foundation upon which thriving communities, productive workforces, and sustainable economies are built.

AHF is the world's largest HIV/AIDS organization, providing cutting-edge medicine and advocacy to more than three million clients in 50 countries worldwide. In Zambia, AHF has partnered with the Ministry of Health since 2007 to strengthen healthcare delivery and expand access to quality health services across the country.

Through support to more than 65 public health facilities, healthcare workforce investments, and integrated Wellness Centres, AHF Zambia continues to bridge critical healthcare gaps by bringing essential services closer to communities. Our programs connect individuals to HIV prevention, testing, treatment and care, tuberculosis services, sexually transmitted infection (STI) management, cervical cancer screening, and other essential health interventions that improve lives and strengthen communities.

By investing in health systems, digital health solutions, infrastructure development, and community-centred service models, AHF Zambia contributes to a healthier and more productive population capable of driving Zambia's social and economic development. We recognize that resilient health systems are not only a public health imperative but also a critical enabler of national growth, investment, and prosperity.

As Zambia continues to expand opportunities for trade, innovation, and economic transformation, AHF Zambia remains committed to forging stronger partnerships with government, communities, development partners, and the private sector to advance equitable access to healthcare. Looking to the future, we will continue to champion innovative, people-centred, and sustainable health solutions that bridge inequalities, strengthen communities, and help build a healthier, more prosperous Zambia for generations to come.

REPUBLIC OF ZAMBIA
PROVINCIAL ADMINISTRATION
CENTRAL PROVINCE
KABWE

CENTRAL PROVINCE – THE PRIDE OF ZAMBIA'S AGRICULTURE

Central Province is known for its high agricultural production of the country's major crops.

-  Over **21%** of national maize production
-  Nearly **60%** of national wheat production
-  More than **41%** of the country's soybeans
-  Over **55%** of national Irish potatoes

Central Province provides best investment environment and has in the past four years documented private investment in key sectors...

- ✓ More than **US \$1.3 billion** in Manufacturing
- ✓ About **US \$1.2 billion** in Energy
- ✓ Over **US \$920 million** in Mining
- ✓ About **US \$800 million** in Agriculture

Central Province presents massive investment opportunities in key sectors of the country's economy:

-  **Agriculture:** Arable land and water resources for development of Nansanga Farm Block, actualization of Mwomboshi irrigation and Lusiwasi Irrigation Scheme as well as construction of Miloso Dam;
-  **Mining:** Endowed with mineral deposits including copper, gold, zinc and manganese
-  **Energy:** Ideal environment with unshaded sunlight coupled with appropriate cool-to-temperate climate for solar energy;

Manufacturing: Host Zambia Jiangxi Multi Facility Economic Zone, a platform for manufacturing of goods and services from abundant raw materials like agro products and minerals;

Tourism: Development of Kundalili Resort, Broken Hill Site, as well as David Livingstone Memorial National Monument, and Mumbwa Curves

VISION:

To attain a sufficient level of socio and economic growth that promotes human development through equitable and efficient delivery of goods and services.

MISSION:

To facilitate and coordinate social, economic, and ecological development through effective resource mobilization and utilization, capacity building, monitoring and evaluation to ensure sustainable and improved quality of life of rural and urban communities.

GOAL:

Poverty reduction through economic diversification and increased investment in agriculture.

COLAS ZAMBIA

Your trusted manufacturer and supplier of high-quality bitumen and bitumen emulsion solutions supporting Zambia's road infrastructure industry since 1964.

COLAS

OCCUPATIONAL HEALTH AND SAFETY INSTITUTE

A Centre of Excellence in Occupational Health and Safety

The Occupational Health and Safety (OHS) Act No. 16 of 2025 which repealed and replaced the OHS Act No. 36 of 2010 after receiving presidential assent in December 2025 from President Hakainde Hichilema is the legal and regulatory framework that governs all aspects of health and safety across all workplaces in Zambia.

This Act provides for the establishment of the Occupational Health and Safety Institute (OHSI) as the statutory body mandated to provide for the protection of workers against risks to health and safety in connection with the activities of persons at work.

Vision

A centre of Excellence in the provision of OHS Services in the Southern African Region for a healthy and productive workforce.

Mission

To provide quality occupational health and safety services in order to ensure a healthy work environment and a productive workforce.

Mandate

- ✓ Investigate and detect occupational diseases and injuries
- ✓ Conduct medical examinations in all industries
- ✓ Provision of OHS laboratory services
- ✓ Maintain statistics on employee morbidity and mortality and to promote studies and research
- Raising awareness on OHS

SERVICES

- ✓ Risk Assessment and Hazard Identification
- ✓ Risk based medical Surveillance

OHS ACT No. 16 of 2025 IS LAW

IT IS MANDATORY FOR ALL EMPLOYERS IN ALL SECTORS TO COMPLY WITH THIS ACT

THIS ACT IS IN PLACE TO PROTECT WORKERS AND PROMOTE SAFE AND HEALTHY WORKPLACES FOR ALL.

TO ENSURE COMPLIANCE

KNOW THE ACT
Understand your obligations and responsibilities.

ESTABLISH HEALTH & SAFETY COMMITTEES
Involve everyone

ENSURE HEALTH & SAFETY
It is the duty of the employer to ensure Health & Safety in the workplace.

CONDUCT RISK ASSESSMENT
Assess risks and implement control measures.

ENSURE MEDICAL SURVEILLANCE
Present employees to OHSI for risk based medical examinations

KAFUBU WATER AND SANITATION COMPANY LIMITED

Proudly Serving The People Of Ndola, Luanshya, Masaiti And Mpongwe

Mr. Joe Mbewe

Managing Director

Bridging Markets, Building the Future

The 2026 Zambia International Trade Fair theme, "Bridging Markets, Building the Future," resonates strongly with KWSC's commitment to driving economic growth. By supporting business continuity and promoting sustainable development. KWSC provides reliable water supply and sanitation services across both the public and private sectors.

Economic Impact

As a leading public water utility, KWSC plays a pivotal role in connecting households, businesses, industries, institutions, and communities to essential water and sanitation services. Reliable infrastructure underpin commerce, investment, public health, and improved living standards. Thereby, making positive advancement of WASH (Water, Sanitation, and Hygiene) initiatives a fundamental economic driver and a critical catalyst for achieving the Sustainable Development Goals (SDGs) and Vision 2030.

Digital Transformation

KWSC is actively "Building the Future" through digital transformation and innovation, highlighted by the installation of over 11,000 smart water meters. This significant investment will strengthen customer confidence by enhancing billing accuracy, customer confidence, and encouraging responsible water usage.

Service | Efficiency | Commitment

Diversified Value - Added Services

In response to the evolving needs of our customers, we continue to diversify our service offerings to bridge market gaps. Our value-added services include:

- Conferencing: Providing facility hire for public use.
- Laboratory Services: Analyzing water quality for government institutions, beverage and brewing companies, airports, and industrial manufacturers.
- Agricultural Solutions: Supplying high grade manure for farming.
- Waste & Sanitation Management: Offering portable toilet hire, jetting, and vacuum tanker services.
- Bulk water: Filling up of swimming pools and water tanks with treated water.

Core Mandate & Conclusion

In line with the Government's Eighth National Development Plan (8NDP), KWSC remains committed to expanding access to water and sanitation services in under-served urban, peri-urban, and rural communities through strategic infrastructure investments, network expansion, and operational excellence.

Even as we diversify our commercial business portfolios, we remain firmly rooted in this core mandate—continuously delivering new water and sanitation connections, treated bulk and untreated raw water supply, industrial trade effluent treatment, routine water quality testing, leak detection, and meter testing.

Ultimately, these unified core and value-added services directly drive inclusive economic growth, protect public health, support commercial enterprise, and enhance community livelihoods across the region.

In conclusion, by investing in people infrastructure, innovation, and service excellence, Kafubu Water and Sanitation Company Limited is not only bridging markets today but also building resilient. Sustainable and prosperous future for generations to come.

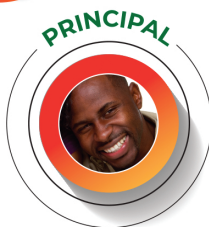

GRZ FUNERAL ASSISTANCE SCHEME

The GRZ FUNERAL ASSISTANCE SCHEME

provides financial relief for funeral expenses on the loss of a bread winner or family in the public service. The Fund is a Trust Fund, excess funds are invested in various investment vehicles such as GRZ bonds. Scheme has partnered with SMEs such as local funeral Parlors, MNOs, Banks, Transpoters thereby growing their businesses.

KWAME NKRUMAH UNIVERSITY

Working for Excellence

UNIVERSITY MANDATE

Kwame Nkrumah University (KNU) is a distinguished Tier One public university committed to excellence in teaching, research, innovation, and community service. With a proud heritage spanning over five decades, the University has grown from a teacher training institution into a leading centre of higher learning offering undergraduate, postgraduate, and Doctor of Philosophy (PhD) programmes.

The university also comprises of 11 satellite campuses dotted across the country. The history of the university originates from the Kabwe Teachers College established in 1967 in honor of Dr. Kwame Nkrumah and Dr. Kenneth Kaunda's meeting of minds on the Pan African vision, leading to the formation of the organization for African Unity in 1963 with a continuing overall aspiration to evolve into the united states of Africa.

SCHOOLS/ DIRECTORATES

Kwame Nkrumah University operates across four campuses and comprises five academic schools, offering a wide range of undergraduate, postgraduate, and doctoral programmes. The University's academic schools are:

- School of Business Studies
- School of Humanities and Social Sciences
- School of Technology Natural and Applied Sciences.
- School of Health Sciences
- School of Education

KNU also has three Academic Directorates:

The Institute of open and Distance Learning, the Directorate of Research, Postgraduate Studies and Innovation, and Directorate of Quality Assurance.

G. RUTHERFORD
OUTDOOR ADVERTISING

COMMAND ATTENTION. DEFINE THE LANDSCAPE.

In a world of digital noise, real-world presence is the ultimate power move.

Whether you are a burgeoning local enterprise or a household name, **G. Rutherford Outdoor Advertising** places your brand exactly where it needs to be: in the line of sight of your next customer.

“Your brand isn’t just an advertisement; with G. Rutherford, it becomes part of the city’s pulse.”

WHY G. RUTHERFORD OUTDOOR ADVERTISING?

We don’t just offer space; we offer influence. By securing the most coveted urban real estate across Zambia, we ensure your message isn’t just seen—it’s remembered.

MAKE YOUR MOVE

Don’t just join the conversation—lead it.

Partner with the leaders in outdoor advertising and watch your engagement soar.

UNRIVALED REACH:

Connect with audiences where they live, work, and commute.

HIGH-VELOCITY EXPOSURE:

Strategic placement in Zambia’s busiest urban hubs guarantees thousands of daily impressions.

CONSTANT VISIBILITY:

Unlike a digital ad that can be skipped, our billboards are a permanent fixture of the daily journey.

G. RUTHERFORD OUTDOOR ADVERTISING

Elevating Brands. Dominating the View.
